Press Release

Armani/Ristorante receives 'Award for Excellence' at prestigious 2013 Wine Spectator Awards

The hotel's signature restaurant, Armani/Ristorante, has added another achievement to its roster of international awards as a recipient of the highly sought-after of the 2013 Wine Spectator Awards 'Award for Excellence'.

One of the beverage industry's most prestigious accolades, the Wine Spectator's Restaurant Wine List Awards recognises those restaurants whose wine lists offer interesting selections, are appropriate to their cuisine and appeal to a wide range of wine lovers.

This year's jury recognised Armani/Ristorante for its comprehensive and exciting menu of quality producers, as well as its skill in pairing selected wines with the food menu to offer diners an exemplary dining experience.

An exhaustive and in-depth judging process, the restaurant was also judged on all elements of its wine programme, from storage conditions and inventory to pricing and service presentation.

This award is testament to the continued efforts to bring the true taste of Italy to Dubai's dining scene, and underlines the impressive strides made in upholding the 'Stay with Armani' promise for guests.

The 2013 Wine Spectator Award is the latest in a growing collection of global accolades for Armani/Ristorante, which includes a Time Out Restaurant Award for both Armani/Ristorante and Armani/Amal.

Congratulations to the Armani/Ristorante team, led by Chef Alessandro, on adding yet another level of international recognition to the Armani Hotel Dubai portfolio.
